Folk All-in Band (SE)

Folk All-in Band is the big band version of Swedish traditional folk music in full gear. A powerful rhythmic interplay, and strings that will make you dance, with a welding brass section make traditional tunes feel like they are being played for real for the first time. Bandleader Karl-Johan Ankarblom, who otherwise writes music for royalty and classical orchestras, formed Folk All-In Band to express his passion for Swedish traditional music and assembled his favorite party people from folk Sweden to re-interpret the tradition. The result is a party you will never forget.

- Omiri (PT) 23:30 - 00:30

OMIRI

Omiri is one of the most unique projects in reinventing traditional Portuguese music. To reinvent tradition, nothing better to bring to the show itself the true stakeholders of our culture: musicians and sounds from all around Portugal playing and singing as if they were part of the same universe. Not in flesh and bone but in sound and image, serving as a basis for Vasco Ribeiro Casais musical composition and improvisation. Omiri also proposes a ball where all the tunes played are danceable, according to the rhythm and balance of Portuguese traditional dances and not only (Repasseados, Drum'n'bass, Malhões, Viras, Break Beat, Corridinhos...). Omiri is, above all, remix, the culture of the XXI century, mixing in one show already forgotten musical practices, making them permeable and accessible to the culture of our day, synchronizing shapes and songs of Portugal rural tradition and the language of urban culture. In Omiri Portuguese music and culture are rich and enjoy themselves.

Désirée Saarela & Triskel
Désirée Saarela & Triskel ?yhtyeen (2011?) musiikissa yhdistyy nykypäivän laulaja-lauluntekijä-perinne vahvaan kansanmusiikkitulkintaan. Yhtyeen singer-songwriter-henkinen musiikki on ajatonta ja sen tunnelma täynnä sydäntä sekä tarinankerronnan lumoa.
